Subject: Project Name – Temporary Shoring Design Support

Dear Contact Name,

We came across Project Name and wanted to introduce DRS Engineering Inc. We believe temporary shoring design may be needed on this project, and that is an area where we can be helpful.

DRS Engineering provides practical temporary shoring design support focused on buildable, efficient solutions. If it would be useful, we would be glad to discuss the project and see whether we could assist your team.

Kind regards,
DRS Engineering Inc.
